

BULLETIN

The following were elected to the GCS Board at the annual meeting last night: Bierwagen, Rosenzweig, Davidsen, Gamble, Fisher, Lewis, Schwimer, Zubkoff, Oosterhaus. Further details next week.

Rec Dept. Plans Soap Box Derby

The Greenbelt Recreation Department, youth organizations and interested citizens will sponsor a soap box derby for boys and girls age 9 to 15 on June 27 and 28, according to Recreation Director Donnie Wolfe.

Prospective racers should lose no time in registering for the Greenbelt event, either at the service station or at the Recreation Department.

Contestants will drive cars down the Crescent Road hill above the Center School.

Boys aged 8 to 11 and girls 8 through 15 may have their parents aid in building their cars; boys 12 through 15 must build the cars themselves.

All supplies, except wheels, are available at the service station. Total cost of car cannot exceed \$10. Wheels are available from Walter Broening of Lustine Nicholson in Hyattsville. Boys 11 through 15 can register for the National Derby when they buy their wheels.

Frame House Prices Boosted By GVHC

Prices of the remaining unsold frame dwellings in Greenbelt were increased effective April 1 by action of the directors of Greenbelt Veteran Housing Corporation, according to an announcement by Paul M. Campbell, GVHC manager. The price of one-bedroom houses was increased by \$200, that of two-bedroom houses by \$300, and that of three-bedroom houses by \$400.

Anyone who was negotiating for the purchase of a house at the time the price increase went into effect was notified before the effective date, and notice of the increase was posted at the GVHC office, Campbell said.

Thailand Citizen To Visit Greenbelt

Smith Chittaporn, a Thailand citizen, will arrive in Greenbelt on April 16 for a two-month visit, sponsored by the Mutual Security Administration and the State Department.

Chittaporn's object here will be to observe operations and management of cooperative stores, cooperative wholesale units and other co-op services, especially consumer co-ops.

While in Greenbelt he will work with GCS. He will also spend some time in Baltimore at the Potomac Cooperative Federation wholesale warehouse.

Later he will study the Rural Electrification Administration-financed electric cooperatives, and plans to take a course in cooperative management.

While visiting here, he would like to rent a room, including breakfast and dinner, with a Greenbelt family. Anyone desiring to furnish these accommodations is asked to call Ruth Taylor, at the GCS office, 2231.

Center School Sends Princess To Egg Hunt

Norma Mousley, 12-year-old daughter of Mr. and Mrs. Joseph Mousley, 19-E Ridge, will represent Greenbelt Center School as a lady-in-waiting at the coronation of the Easter queen at the 18th annual Easter Egg Hunt to be held Monday morning, April 6, at 10 a.m. in Magruder Park, Hyattsville, under auspices of the Kiwanis Club of Prince Georges County and the Sidney Lust Theatres.

More than 10,000 children from all over the county are expected to scramble for the 3000 Easter eggs that will be hidden in the woods bordering the park. Several hundred of them will be specially marked, and will net their finders cash sums ranging from five cents to five dollars.

Other features of the event will be an entertainment, comedy contests for boys and girls, and a series of races and field events, with prizes to all winners. The celebration is free, and everyone is invited to attend.

Good Friday Services At Community Church

The Greenbelt Community Church on Good Friday will offer a continuous three-hour service, starting at noon, on the Seven Last Words of Christ. Each Word or section will take approximately 25 minutes.

Visiting clergymen will be heard in this order: Rev. John Esaias, Branchville Methodist Church; Rev. R. C. Hull, Baptist (ret.), Community Church; Rev. Roy Stetler, Jr., Cheverly Community Church (Evangelical United Brethren); Rev. C. R. Strausburg, Greenbelt Methodist Church; Rev. William P. Anna, St. John's Episcopal Church; Rev. L. R. Guthrie, Presbyterian (ret.), Community Church; Chaplain Leighton Harrell, Methodist, Mt. Alto Hospital.

The following soloists will be heard: George Timmerman, Mrs. Nelson Chapman, Mrs. S. Leifur, Mrs. Lydalu Palmer, and Mrs. Francis White. Organist, Miss Elizabeth Goetze.

Mayor Deplores Untidy Premises

Greenbelt is getting to be a shabby place to live, according to Mayor Frank Lastner and Councilman James Smith. Citizens are throwing trash in the streets, particularly on week ends, said Smith, who cited one example where he found 14 pairs of shoes, 7 handbags, ladies' undergarments, letters, and unusual objects in a trash pile near his court. He informed the police, who examined the pile, found the name and address of the responsible party from the letters, and told the trashthrowers to clean the mess up.

Lastner declared that he has noticed old tires, wheels, cartons and similar debris in backyards. He opined that residents don't seem to have pride in the yards and gardens any more. Also, he too has noticed old mattresses and bedsprings, discarded furniture, and general trash piled up on roadsides, detracting from the beauty of the community.

Some of the problem was attributed to people moving from town. Often those leaving Greenbelt pile up their discarded furnishings and household items and leave the carelessly abandoned.

Lot Buyers Invited To April 6 Meeting

Persons interested in building on lots to be individually owned, in a new addition to Greenbelt, are invited to attend an organizational meeting Monday, April 6 at 8 p.m. in the home economics room of the Center School by Elliott Bukzin, chairman of the Greenbelt Land Improvement Corporation.

Lots in the new subdivision will be located on a tract skirting the Greenbelt Lake, and will be sold on a non-profit basis.

Red Cross Canvass Lags In Greenbelt

Mrs. Christopher Mullady, chairman of the Red Cross drive for funds in Greenbelt, reports that only one-third of the city's quota has been met. The drive has been extended to April 10. Volunteer workers are continuing individual calls and, in addition, Mrs. Mullady will pick up any donations if requested to do so. She may be reached at GR. 3-8581.

Residents are reminded that vital programs of the Red Cross cannot be carried out if fund quotas are not met. The important gamma-globulin program depends not only upon the people who supply the blood, but upon those who supply the funds to process and distribute the donations. To meet other regular commitments and to maintain new programs means that the Red Cross fund drive must be supported by all.

Men's Bowling Dinner Planned For April 7

The Greenbelt Men's Major Bowling League will hold its annual dinner and business meeting in the basement of the Community Church on Tuesday, April 7, beginning at 7 p.m.

Following the dinner of ham, baked beans, and potato salad, the business meeting will feature election of officers, and the awarding of individual and team prizes. The meeting will then adjourn to the Athletic Club where additional refreshments will be served.

Each team captain is requested to notify Fred Birdseye as to the number of team members who plan to attend the affair, not later than Thursday, April 2.

Band, Majorettes Get Community Applause

By Vincent Caruso

A very successful concert and performance of the Greenbelt Community Band and Majorettes was given last Wednesday in the auditorium of the elementary school, judging from the large audience including town officials, whose enthusiasm and response was heartwarming despite the inclement weather that prevailed. Some band members were seen toting their instruments in freshly-cleaned and pressed uniforms through the drizzling rain and wind, but this did not dampen their ardor to give a good concert. Corsages and boutonnières graced many of the town officials and former members of the band.

Seated in the front row were Mrs. Mary Jane Kinzer, City Manager Charles McDonald, Councilman James Wolfe and others who highly praised the enjoyable music of the band and superb performance of our renowned Majorettes. Mrs. Kinzer, in a short address to the audience, stated that she would like to see a continued spirit in the growth of community welfare of this nature and asked

GVHC Gets 2 Apartment Houses, Sets Up New Development Group

The Public Housing Administration today accepted six offers totaling \$914,342 for 12 buildings containing 306 apartments in Greenbelt.

The Greenbelt Veteran Housing Corporation was the successful bidder on two buildings located at numbers 9 to 21 Parkway inclusive. The two buildings contain 60 apartments, of which 36 are efficiency apartments and 24 are one-bedroom apartments. Included with the two apartment buildings is a double row of garages to the north, but another row of garages to the south has been reserved by PHA as commercial property. A sizeable piece of land extending to Braden Field is included in GVHC's purchase.

Co-op Kindergarten Opens Fall Lists

By Miriam Johnson

The Greenbelt Cooperative Kindergarten is accepting registrations for those who wish to be enrolled beginning September, 1953. All children who will be five between January 1, 1953 and December 31, 1953 will be eligible. Classes are held in both the Center and North End Schools and registration is being accepted by the president, Opie Stage, at 7506.

The Maryland General Assembly passed a bill (HB806) on Wednesday to authorize public-tuition kindergartens in Prince Georges County. Republican Delegate Harry E. Taylor, Jr., who presented the measure, contended that the seventeen cooperative kindergartens in Prince Georges would benefit by such coordination because in some private kindergartens more is taught than the child is required to know in first grade. Such disparity of education cannot exist in the Greenbelt Cooperative Kindergartens because, in each case, the pre-school class is under the supervision of its respective school.

The Center School PTA meeting March 24 had as its theme "Our Children Teach Us" and various classrooms presented their version of knowledge gleaned. Children from Mrs. Beulah Barker's Greenbelt Cooperative Kindergarten morning and afternoon classes who took part in the program were Vanessa Webster, Carol Huntzicker and Gary Johnson. They explained their classroom project of planting narcissus bulbs in cottage cheese boxes and covering the bulbs with stones and water so they could watch them grow.

for the full hearted support of the band from the people of the community.

Mike Ronca's fine selection of music and conducting of the band was clearly audible and visible, as was the technique displayed in the performance by the majorettes under the guidance of Majorette manager, Mrs. Ethel Perazzoli, assisted by Misses Ann Walker and Rhonda Bibler. Congratulations to the officers of the board of the Greenbelt Community Band.

Note by editor. Officers of the board are Vincent Caruso, president; Joseph W. Taylor, vice president; Mrs. Ada Cusick, secretary; Mrs. M. Walden, treasurer; Mrs. K. Chavrid, secretary-treasurer "B" Band; Mrs. J. W. Taylor, librarian; George Stricklin, C. B. Henderson, R. R. Cusick, and V. D. Chavrid, ways and means committee.

Caruso reports that there are now 40 youngsters in the Band, 35 others learning to play instruments, and 25 girls in the Majorettes — a total of 100.

City Manager Charles McDonald has issued the following statement:

"The band instruments are owned mostly by the municipal government. Each year the city appropriates a small sum, this year \$300, for the use of the band. The money this year will be spent for ad-

See BAND, Page 4

Other Bidders

Other successful bidders are: Lawrence & Co., Inc., Detroit, Michigan, \$150,100 for 2 buildings containing 48 units, located on Crescent Road west of Southway.

The Stratheona Corporation, Detroit, Michigan, \$131,410 for 2 buildings on Crescent Road opposite the Center, containing 42 units.

Herbert Goldman, Baltimore, \$117,600 for 2 buildings.

Al Mason and Jack Leventhal, Cleveland, Ohio, \$92,000 for one building containing 24 units, located on Parkway near Center.

Joseph C. Brown, Arlington, Virginia, \$256,420 for 3 buildings containing 90 apartments, located on the east side of Parkway.

Bids were invited by PHA on one or more of six parcels in order to afford large and small investors an opportunity to bid. The six properties were publicly advertised for sale on February 6, and offers were received from 37 bidders. Terms of the sale were a 20 percent cash down-payment with PHA taking a 25-year mortgage at 4½ percent interest to secure payment of the balance.

Titles will be transferred April 30 in the Washington offices of PHA.

Name Change Slated

At last Monday's meeting the GVHC board requested that the title of Greenbelt Development Corporation be changed to conform more with its apartment-management operations in the future, and that another group be set up to handle the undeveloped land. This latter organization will be called the Greenbelt Land Improvement Corporation.

The board also discussed three major development projects slated for this year:

1. Construction of 100 prefabricated houses on the westernmost part of the undeveloped land, opposite the rifle range.
2. Construction of 50 pre-fabs on the old Homeowners Co-op plot, on the area north of the lake road opposite St. Hugh's Church.
3. Non-profit land development.

The audit committee submitted a report criticizing the alleged "too rapid development" of the undeveloped land.

Apartment Management

Following the board meeting, the first meeting of the organization that will manage the apartment buildings was held, and officers elected. They are Elliot Bukzin, president; Percy Andros, vice-president; Bruce Bowman, secretary; and Ralph Webster, treasurer. Other directors also elected are Donald Kern, A. C. Long, and Michael Salzman. All members of this board are also presently serving as members of the GVHC board.

Gardener's Last Chance For Last Year's Plot

The Garden Club will meet Friday night, April 3, in room 120 of the Center School. This is the final call for last year's gardeners to request their garden plots for this season. Plots not requested will be allocated to others, first come, first served. Call Hans Jorgensen, GR. 3-5637.

Letters To The Editor

SQUAD QUARTERS

As chief of the Greenbelt Rescue Squad, I wish to make a reply to a statement in the Cooperator in regards to property that has been obtained for Squad quarters.

This land, which was leased from the State of Maryland, was made a reality through the untiring efforts of Frank Riley, past commander of the Greenbelt American Legion post; Marshall Zoellner, past chief of the Rescue Squad; and Major General Milton A. Packard, Adjutant General for the State of Maryland. Neither the city official nor the National Guard had a hand in these operations.

This, which in my opinion is Rescue Squad personal business, has never been carried out in secrecy. I feel, and am sure the people of Greenbelt would agree, that the squad is inadequately housed in a converted three-car garage.

At present, we of the Squad have no intentions of conducting a building fund drive. Our fund-raising will be, as it has been in the past, through our Ambulance Club membership, dances, raffles, etc. The money raised in this manner will be earmarked for the operating fund, building fund, and ambulance depreciation fund.

The Greenbelt Volunteer Rescue Squad was formed to aid the people of this community in time of need. Members of our organization have worked long and hard to acquire the equipment we now have, and we are very proud of it! We wish to thank everyone who has helped to make this possible.

JOHN A. KATZ.

Chief, Greenbelt
Volunteer Rescue Squad.

MINORITY VIEW

Since some folks seem determined to label me as a minority member on the board of GVHC, maybe they will also like to know the position the minority takes on certain questions which come before the Board.

At the last meeting these three issues were considered:

- 1 - Vacancies. Although vacan-

cies are not yet alarming, it is a serious matter and quite costly to the members. In the past the minority members fought strongly for 90 percent ownership before signing a contract with PHA and finally got the membership to confirm this proposal. Later this was changed to a much lower ownership ratio. If we had held to 90 percent we would not now be worried or plagued with vacancies.

2 - Proposal to buy the apartments. The minority members opposed the action of the board in proposing to purchase the apartments on the grounds that:

a) Either legally or morally such action required membership authorization.

b) The was sufficient time to take the matter to the membership.

c) The board's job is to operate GVHC as economically and efficiently as possible without spending time, effort and money on other projects.

3 - Garden plots. The management claims that it is not possible to assign garden plots without additional staff. If the simple routine job of assigning garden plots is too much for our staff, we are in for a bad time, indeed. Forcing people to join a Garden Club and attend meetings merely to get

LUTHERAN CHURCH

Robert E. Jones, Vicar

Telephone GR. 3-3703

Friday, April 3 - 8 p.m., Good Friday service with the celebration of Holy Communion. Sermon on Romans 6, 8-11 "Christ's Death and Our Life."

Baptisms: Sunday, 1 p.m. Anyone wishing to have a baby baptized should notify Father Dowgiallo beforehand.

Wednesday: Miraculous Medal Novena Services at 8 p.m., followed by Benediction of the Most Blessed Sacrament.

My Daze

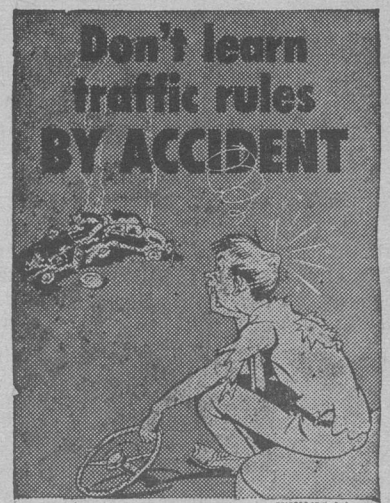

WE WERE GLAD when our boy consented to dig the onion grass out of the lawn, but when we saw the holes it made in the ground, we called the project off. Instead, we'll try spraying with a weed killer, as GVHC Gardener John D. Anderson suggested. It's a lot easier that way, too.

THE TINY, COLORFUL, VELVET pansy gives generously of it-

self, like a magic pitcher which re-fills automatically. Mr. Anderson says it's true that the more they are picked, the more and larger they grow. "They ought to be picked off frequently, especially the dead ones." Plant in a cool, shady area, in rich soil. A loose, mellow soil of rotted wood and damp leaves gotten from the woods, then sweetened with agricultural lime and fertilized with bone meal, is ideal. The next year the plants should be moved a few inches, and the third year an entirely different location chosen for planting. Pansies are in bloom now, and will be until mid-July.

JUST AS FALL IS THE BEST time for seeding lawns, setting in daffodil, crocus, hyacinth and tulip bulbs, so it is the best time to plant pansies. Pansy plant seedlings, bought in the Fall for three or four cents a piece, are unhurt by the winter's cold. They may be planted now too, of course, and are being sold for about \$1.25 a dozen. GLADIOLUS BULBS should not be put in until the first of May, as they need lots of warmth.

— DAISY.

WHICH MAKE CAR?

You can't afford to be a devotee of any make when you are out to buy a used car. The most important single factor is the condition of the individual car you are buying. In general a heavier car is more expensive to run and costs more to repair. If you are after cheap transportation the lighter cars are your best bet. In a used car it is not the initial cost that is important. It is the upkeep you want to keep an eye on.

TESTING A USED CAR

No matter how you pick up a used car, before you buy it you should know what you are getting. There may be some thing wrong with the car that won't cost too much to fix. Or there can be enough wrong with it to leave it alone.

There are certain tests you can perform on a used car. The January issue of **Consumers Union** gives a list of various tests you can put the car through right at the dealer's lot. If a dealer won't let you put the car through such tests, forget about the car.

In any case, it is a good idea to have an expert mechanic check the car. The Coop garage will check a used car that you are interested in as a service to you. There is no charge for the service, I am told. You have to bring the car in though.

Firearms are Dangerous In Childrens Hands

A fifteen-year old boy was arrested here last week and charged with discharging firearms within the corporate limits of Greenbelt.

The case was referred to the juvenile court.

The youngster admitted shooting a bullet from a 22 rifle which went through a window pane and narrowly missed a woman walking into her kitchen.

RAINBOW

ICE CREAM

For your special delight—three flavors
swirled together for *end-of-the-rainbow*
goodness. In ½-gallons at Sealtest
dealers! In dishes and cones
at Sealtest soda fountains.

GET A KITE!

While they last, special rainbow
kites for the youngsters,
free of extra charge with each
Sealtest ½-gallon.

Our Neighbors

By Dorothy McGee, phone 8083

There is no closed season on moving day for Greenbelters; every day can be moving day, and will continue so, I guess, until the great migration is over, and all those who plan a change are settled in the homes of their choosing.

Mr. and Mrs. Ralph G. Miller moved Tuesday from 9-J Ridge to the corner house at 13-V Ridge, the former home of the Edward C. Kaighns, who have moved to 8-A Southway. The Millers' new phone number is 2661.

Mr. and Mrs. Mike Salzman moved on Saturday from 56-B Crescent to one of the detached homes at 4 Woodlandway. Friday evening the Salzmans were honored at a farewell party given by their neighbors, George and Betty West, Ada Riley, the George Brunattis and Kay and Hutch Thom-

as. Dana Perelzweig of 6-E Hillside and Joan Solet of New York are exchanging visits at their respective homes for the Easter vacation. Their families were good friends during the years the Solets lived in Greenbelt. Dana is visiting her long-time friend Susan in New York, while Joan Solet visits with her special friend, Judith Perelzweig. A house guest also is Dizzy, Joan's little dog.

Dick White, son of Mr. and

Mrs. Richard White of 55-B Ridge, was given a farewell party by his friends last Friday evening, prior to his enlistment in the Army. Dick left Monday for Fort Meade.

Among the families who will be spending the holidays away from home are the Ralph Hirschstritts of 19-M Ridge, and Mrs. Sid Feldman and her two children, 56-F Crescent. They are visiting in New York City.

This paragraph is by way of apology to Abe and Helen Chasanow, of 11-T Ridge. It seems that this column's editor, along with countless other people, has been guilty of confusing Abe and Helen Chasanow with Abe and Gladys Chasnoff of 36-K Ridge. It is an extraordinary coincidence that in our rather small town there should be two families with such similar names, which are in themselves unusual. For further disconcerting coincidence, each family has a daughter named Phyllis. Both men are professionals; Abe Chasa-

now, a lawyer and Abe Chasnoff, an engineer.

Pat Pittman, son of Mr. and Mrs. Levi Pittman of 62-A Crescent, has enlisted in the Air Force and was sent to Lackland Air Force Base in San Antonio, Texas, for his basic training. Good luck and happy landings, Pat.

Mrs. J. B. Ingram of North Carolina visited her daughter and family, Mrs. L. M. Pittman, 62-A Crescent, last week.

Three Game Victory For Local Boys Club

By C. Link

The directors of the Boys Club, through this column, would like to thank those who helped make Boys Club Night a success. The Greenbelt Community Band under the director, Michael Ronca, and the famed majorettes under the directorship of Mrs. Ethel Perazoli, contributed their time and talent. A specialty was done by Ann

Walker and Judy Lewis. We would also like to thank the mothers for their willing cooperation in making the refreshment stand a success, through their donation of baked goods.

Three basketball games were played. The Midgets of Greenbelt defeated Bladensburg 32-27. At the half time the Midgets were out in front 12-8. They held the lead up to the closing minutes of the fourth period, when Bladensburg came up from behind to deadlock the score. After a time-out called by the Midgets, the Midgets came back to win the game by a 5 point margin. Kenny Reamy and Bob McGlothlin were high scorers for the Midgets with 8 points apiece.

The Intermediates only played a couple of minutes of the second period, when the coach of Bladensburg pulled his players off the floor in protest of a decision called by the referee. The protest was over one of the players who was warned about talking back and was told if he didn't keep quiet he would sit the rest of the game out.

Another play rused profane language, and was then disqualified from the game by the referee. Score, Greenbelt 7, Bladensburg 0.

The Greenbelt Juniors defeated Bladensburg 48-45, in a very close game for both clubs. The Juniors took the lead and played good hard basketball to hold onto it up to the closing whistle. The Juniors in the closing minutes of the game controlled both backboards, giving them the edge over Bladensburg. The Juniors still remain undefeated. Joe Ashley was high scorer with 13 points, followed by Tim Woods with 8.

BAND from page 1

ditional instruments. The concert last week was indeed an excellent performance, both by the band and by the majorettes. Credit is due to the committee of parents and citizens for having such an organization."

Mayor Frank Lastner also issued a statement of his "sincere appreciation" of the work done by the parents' organization.
